

Maintenance Checklist

Your Springfree Trampoline is designed using the highest quality materials, resistant to weather conditions. However, all products will incur general wear and tear, so it's important to inspect your trampoline from time to time.

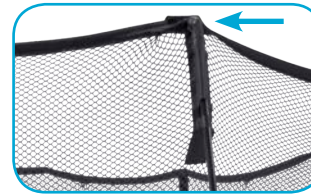

Use this maintenance checklist to guide you through an inspection of your Springfree to ensure your trampoline is in tip top shape:

FlexiNet

- Holes
- Fraying of edges & seams
- Zipper is fully functional

For Oval & Square Trampolines:

- Horizontal rods are in place within the sleeve

Net Rods
